THE MINISTRY OF DENNIS  
& BENEDICTA POLLOCK

April, 2014

## **MISSION: PHILIPPINES**

Thank you for your prayers and support!

We praise God for pouring out His Spirit upon us and the beautiful people of the Philippines in our recent mission! The meetings were greatly blessed, and we saw a wonderful response to the ministry of the Word of God.

Our conference was around the theme: "Living in the Last Days." We taught on the Lord's return, and how God children are to live as they eagerly await their Lord. We were so blessed to see many pastors who were working together to make these meetings a success.

# Mission: Philippines

We were so blessed to see how many youth participated in the crusades through various dramas, presentations, singing, and dancing. The involvement of the young people really made a huge difference in our outdoor evangelism. Praise God for young people!

Response to the invitations to receive Christ was wonderful. One thing we know for sure: in every culture, nation, and continent, the gospel of Jesus Christ is always relevant, always effective, and always fruit-producing. Like Paul, we will not be ashamed of the gospel of Jesus Christ! The message is not new - but it always brings results when proclaimed by the Holy Spirit sent from heaven!

**Tacloban City:** This region was at the very epicenter of the November typhoon. Thousands died, and the vast majority of the population were rendered homeless. We got in touch with a local pastor and through him selected five families to aid financially. Through our assistance they will be able to begin to build real houses. Tears flowed freely at receiving this assistance. We also gave the pastor assistance in rebuilding his church which had been completely demolished by the storm. **THANKS FOR CARING AND MAKING THIS POSSIBLE!**

There are still some bills outstanding from this mission. Any amount you can give to help us with the "mopping up" of expenses from Mission: Philippines will be greatly appreciated!
