THE MINISTRY OF DENNIS
& BENEDICTA POLLOCK

August, 2014

God's Grace Poured Out in Kenya!

Thanks so much for your prayers and support of Mission: Kenya. God surely showed up and visited us in the small town of Butere! Lives have been changed because you care!

Morning Conference:

We enjoyed the rich presence of the Lord in our conference sessions. Dennis and Benedicta taught messages on some of the foundational truths of the Bible, including: *The Return of Christ, Evangelism, Faithfulness, and Victory through Jesus.*

Dennis stays behind the pulpit

Benedicta loves to roam—African style!

Evening Evangelism:

Although the crowds directly in front of the platform were not large, many people lined the sides of the nearby buildings to listen, and many sat or stood in various corners. When the invitations to receive Christ were given, they came streaming to the platform in great numbers. Hundreds came forward to say yes to Jesus. The messages were simple, straight-forward, and full of Jesus Christ! We received a report that on the Sunday following the crusade, one pastor had 16 new people come to his church, who had given their lives to Christ during the crusade .

God's Grace Poured Out In Kenya!

The Response:

Perhaps the most unique and outstanding feature of these meetings was the incredible response to the invitations to receive Christ. Each night scores of men and women, and boys and girls streamed forward from every direction and every corner of the field to say yes to Jesus.

Shoes for the Children:

We purchased 200 pairs of shoes to give to orphans and poor children in this community. On the day of the distribution, the children eagerly lined up for the shoes. We made sure they understood that this gift was because of the love of Jesus. Amazingly we have heard of three different cases where one or both of the parents of children who received these shoes were so impressed at this gift given to their children by a Christian ministry that they went to church and gave their lives to Christ.

Your prayers and financial gifts make these missions possible. We need your regular support!
