THE MINISTRY OF DENNIS  
& BENEDICTA POLLOCK

March, 2015

### **Jesus Christ Lifted Up in Kenya!**

**Thanks so much for your prayers and support of our recent mission in Kapenguria, Kenya. What a joy it was to work in partnership with the Holy Spirit in ministering the word of the Lord in Africa! Lives have been changed because you care!**

*Dennis and Benedicta ministered in conference and evangelistic meetings in Kapenguria, Kenya. This region has been mostly overlooked by the various evangelistic efforts in Kenya. Even most Kenyan believers have been unwilling to try to reach these people for Christ. What a great opportunity for ministry!*

*Not only do the conference sessions provide vital teachings for believers; they bring pastors together in unity—no small thing!*

*Benedicta's ministry always seems to provide an extra portion of joy and laughter!*

# Jesus Christ Lifted Up In Kenya!

*The first two nights of evangelism proved difficult. It seemed there was some kind of hindrance, and the response to the gospel was less than we hoped. We saw a breakthrough when Benedicta preached on the third night. God poured out a special grace that evening. Benedicta gave the Kenyans a little bit of everything: she preached, she sang and danced in the African way, she told some of her amazing story, she encouraged, she warned, and she lifted up the cross and resurrection of Jesus. By the end, the people came flooding forward to receive Jesus. The dam broke, and the ministry was effective from that time forward.*

*We gave out 200 pairs of shoes to poor and needy Kenyan children. Many of these children were orphans, and were thrilled to receive this precious gift.*

*This young man, Meshak, was born again in Dennis' first African evangelistic meetings in 2004. Now he is a pastor!*

**Your prayers and financial gifts make these missions possible. We need your regular support!
