March African JESUS CONFERENCE, 2026

We recently completed yet another Jesus Conference in the community of **Busia, Kenya**. I want to share some of the pictures that were taken during this mission to give you a little insight as to what goes on in the missions.

The centerpiece of a Jesus Conference involves twenty videos produced by our ministry featuring Benedicta and me as we teach about the greatest subject of the Bible – God's love and provision for us through His Son Jesus Christ. Many of these videos feature Benedicta and me doing Bible studies at our dining room table, and they are all related to Jesus. Specifically, we address the need of pastors and evangelists to incorporate Jesus in every sermon and every Bible lesson, and the need of all Christians to abide in Jesus and look to Him continually for strength, power, anointing, victory, wisdom, and direction.

March African JESUS CONFERENCE, 2026

As we normally do, we provided a free medical clinic, which provided needed professional health guidance and medications. One lady who was suffering from typhoid, walked around 20 kilometers, over 12 miles to come to the clinic. She had been told she needed a certain medication but could not possibly afford it. But coming to our clinic she received her medicines at no cost and was thrilled. And when the pastors found out that she had walked so far, they gave her a ride home in one of their cars.

We also provided food for the local widows, who were so thankful that we took an interest in their needs.
