September African JESUS CONFERENCE, 2026

Most African pastors and Bible teachers do not have seminary or Bible College degrees! Their training is what they learned through attending church in their early days as believers, and through reading the Bible. They know very little about the history of the church or the great movements of the Holy Spirit in the church, or about orthodox Christian doctrine. This can often make them susceptible to cults and to bizarre teachings that float like viruses throughout the body of Christ.

Our "JESUS CONFERENCE" gives church leaders a solid foundation of Jesus Christ. Dennis & Benedicta have created 20 videos that instruct them to keep Jesus central in their ministry, and to make abiding in Jesus a life commitment. After experiencing this latest conference one pastor confessed that he was going to go back to his congregation and apologize to them for not keeping Jesus central in his preaching! This conference was held in Siaya City, Kenya.

<u>Free Medical Clinic</u>—Our free medical clinic for the local community was especially popular at this event. One likely reason is that nearly all the local hospitals, clinics, and doctors' offices have closed their doors due to a strike. But malaria, typhoid, and typhus did not "go on strike," and many of these people were desperate for medical attention. <u>We had around 1500 people come for treatment during this meeting!</u>
